### STRIKERS TO LOSE PLACES.

New Hands Coming to Man Switches and Make Up Trains in Chicago.

### ST. LOUIS STILL UNAFFECTED.

But an A. R. U. Official Has Gone There to Stir up Trouble To-Day.

A STRICT RULING BY OLNEY.

trains over the lines entering the Union Depot came in this morning substantially on time. These included the systems. Most of the switches preat Van Buren street, near the Union switches, and the tracks were moved by hand-levers. This made it possible to

employ inexperienced men. M. Egan ,of the General Managers' Association Bureau, says there is no truth in the statement that the Milwaukee and St. Paul has capitulated to the strikers and will withdraw Pullman cars from its trains. On the other hand, he says, he has the most positive assurance from the officials of that company that there will not be the slightest concession on their part.

New Men for Strikers' Places

About one hundred men, engaged in Baltimore and Philadelphia, to take the place of strikers, are expected to reach Chicago to-day. They are being trans ported over the Baltimore and Ohio and Pennsylvania roads. On their arrival the men will be taken care of by the Association Bureau and assigned as nceded to such roads as may call for them. No assuments have yet been Mr. Egan declares that there will be

no difficulty in getting the men neces-nary to fill vacancies. They will be as-sured of adequate police protection on the authority of the city police department.
Everything was reported in its normal conditin to-day at the Union Stock conditin to-day at the Ware delivery

conditin to-day at the Union Stock Yards. All consignments were deliv-ered, and Eastern roads were accepting shipments as usual. There was some friction with the Switching Association employees, but nothing of a serous na-ture occurred.

stitute proceedings wherever the laws are violated."
Shortly afterwards Mr. Garter sent a second despatch to Washington, asking whether the Attorney-General's instructions applied to mail cars only, or to mail, as regularly made up. The answer to this despatch was:
"Instructions cover mail trains, as regularly made up, and of all descriptions."

regularly made up, and of all descriptions."

United States Marshal Long has taken steps to enforce this ruiling.

LOS ANGELES, Cal., June 29.—District-Attorney Dennis has received a number of telegraphic orders from Attorney-General Ciney, instructing him to take all popsable measures to expedite the mails.

The attitude of the Federal Government, as understood here, puts a sensational aspect upon the case, as, according to United States District-Attorney Dennis's instructions, the strikers will be arrested and prosecuted as conspirators, under directions from Attorney-General Olney, unless they go to work at once.

### Will Resist Arrest.

Will Resist Arrest.

If there is an attempt to arrest the men it is possible they will resist. Two awitchmen, McHugh and Golistock, were asked to confer with Dennis. They stated that any mail trains would be hauled; that a crew had been ready for twenty-four hours, but that the Company refused to haul the mail cars unless it had a Pullman attached. Because of this the union had decided to change its position.

At a meeting of the railroad men last night a general strike on the Southern Pacific system was ordered by the union. All the operatives of the great corporation will go out, so that not even coal trains will be moved.

It is learned that all the Santa Fe telegraph operators and station agents will quit.

### The Situation at Denver.

The Situation at Denver.

DENVER, Col., June 29.—On all roads entering this city, except the Santa Fe, the regular trains were sent out this morning without trouble. Employees of the Denver and Rio Grande and Union Pacific have not yet refused to handle Pullmans. It is understood there will be a full meeting of the lodges to-night to consider the matter. About twenty-five Union Pacific employees who are Knights of Labor, at a meeting last night determined not to participate in the boycott. The situation on the Santa Fe is unchanged. The trains which should have gone east at 11.50 last night are standing here in the depot this morning.

SAN FRANCISKY: June 29.—The

SAN FRANCISCO, June 29.—The Southern Pacific has at last succeeded in despatching a train for the East. At midnight, a train consisting of three Pullman siepers and three mail cars, two regular coaches and a dining car left for the East without any trouble. It carried forty passengers, and was manned by a regular union crew.

for the East without any trouble, it carried forty passengers, and was manned by a regular union crew.

STEVENS POINT, Wis., June 29.—The Wisconsin Central has discharged twenty firemen who refused to take out a train and the Executive Board of the A. R. U. has decided to call out 200 men in this city this morning.

TACOMA, Wash., June 29.—Five hundred members were present at last night's meeting of the A. R. U., and 150 new members were initiated.

The engineers made a bold move by stating their intention of taking through Northern Pacific trains from Tacoma to St. Paul. They said the union men at Helena and other places had made a mistake in striking, and as the Northern Pacific owned a half interest in the Pullman cars the strikers were simply hurting their own road and cutting off their own employment.

A heated discussion ensued, the telegraphers favoring the strike. They were voted down and the engineers tope by their levality to have their wages increased to the old standard.

DULUTH, Minn., June 29.—At midnight the American Reilway Union seemed to have carried out its threat to the up the Northwestern and Northern Pacific roads at Duluth. The sectionmen, baggagemen, warehouse men and a portion of the operators went out last

Hackensack Justice Gets Up at Midnight to Hear the Case.

HACKENSACK, N. J., June 29 .- Junice Harrison, of this place, was gotten out of bed at midnight to hold court an to release from custody State Senator John Hinchliffe, who had been arrested n complaint of Conductor Jacob Jones, of the Susquehanna road.

Senator Hinchliffe, who is a millionalre brewer at Paterson, was on his way nome from Trenton and was a passenge on Conductor Jones's train, which left New York at 10 P. M. When Conductor Jones went to Senator Hinchliffe in the smoking-car to collect fare the Senator handed him a pass which entitled the holder to ride only on Jun : 30.

Conductor Jones said he could not recognize the pass and demanded fare from the millionaire Senator. The lat-ter refused to pay and a war of words followed. The conductor told the Sen-ator that if he didn't pay his fare he would have to get off the train. The train was then nearing Hackensack, Conductor Jones placed his hand on before Judge Michael Donnelly Senator Hinchliffe's arm, when it is Court of General Senator Part I. of the and flourished it. Donnelly arrested and placed on trial?
For none of the witnesses for the prosecution have testified positively as to who fired the first shot. They all "heard the first shot," turned towards the source of the reports and saw Donnelly, pistol in hand, and apparently aiming at Patrick McArdle as he slid under a table. One witness testified that there were pistol shots over the jury box, which was behind Donnelly if he had stood facing the McArdles. Interest in the trial was largely in-creased by Mr. Brooke's promises, and Judge Martine had an unusually large audience when he resumed the trial this
